Dear Colleague:

You are invited to attend Ontario Long Term Care Physicians' 36th Annual Conference, "Geriatric Medicine for the Practising Physician" to be held October 26th & 27th at the Toronto Marriott Downtown Eaton Centre Hotel, Toronto, Ontario.

Preceding our Annual Conference, OLTCP will be hosting the 6th Annual Conjoint Meeting with the Long Term Care Medical Directors' Association of Canada (LTCMDAC) on October 25th, 2013. The national day has a focus on management and leadership issues for the Medical Director in Long Term care.

This year's program features three full days of scientific sessions consisting of lectures and small group workshops with the focus on clinical practice in Long Term Care. Highlights for this year include Acute Management of Severe Aggression in the nursing home, Quality Initiatives, Palliative Care Management, Antibiotic Stewardship and updates from Ministry of Health, Compliance Branch. There are many workshops that cover a wide range of clinical issues including behaviour management, pain management, quarterly medication reviews, documentation standards, appropriate use of psychotropics, ED transfers from perspective of Emergency and LTC physicians, advance health directives, update on wound care and changes to High Intensity Funding.

We are offering an expanded Exhibit Hall this year, with more Exhibitors and opportunities for engagement and networking throughout the 3-day program. Many are returning exhibitors, continuing to support the meeting and our organizations. Some are new and are eager to meet the attendees and to take part in this event.

It has been a productive year for the Ontario Long Term Care Physicians as we remain committed to the annual conference. We are continuing to work towards additional educational opportunities to develop the medical director curriculum. We were successful in developing a partnership with Health Quality Ontario to co-facilitate the Quality Improvement Training for physicians which was attended by 85 medical directors and clinical pharmacists working in LTC homes in Ontario.

We look forward to seeing you in Toronto this fall!
